

IS 1239 Mild Steel GI Pipes

Chhajed Steel & Alloys are aggressively venturing into exporting of our products to various countries. **IS 1239 Steel Pipes** material consist of different grades, three grades as followed, Fe330, Fe410 and Fe450. Jindal IS 1239 Grade B Seamless Pipes are used in applications involving Galvanized Steel Fencings, Industrial Water Lines, Road Barriers, Parking Barriers, Plant Piping, Agriculture and Irrigation. They are made up of phosphorus, manganese, Sulphur and carbon, as Sulphur and phosphorus remain as it is in all the grade where the other elements change in quantities with the grades of the pipes. Its minimum tensile strengths 330MPa, 410MPa and 450MPa. Zinc is used to coat the **IS 1239 Gi Pipes** forms a thick layer that acts as a protective layer. It also enabling the pipe's ability to resist corrosion.

IS 1239 square pipe are are hydraulic pipe, rectangular, round pipe and other types available in this grade of steel and minimum tensile strengths for these three grades are respectively 195MPa, 235MPa and 275MPa. IS 1239 Part 2 are the standard that requires for not only for butt welded and seamless, but also forms such as steel tubular screwed sockets, plain ended, along with other welded. IS 1239 GI pipe are iron pipe that are other type of coatings like the anti-corrosive oiled, black and 3LPE coated pipes. Carbon Steel IS 1239 Yst 355 Pipe can be produced as Electric Resistance Weld, Electric Fusion Weld or seamless. They are also used in the structural applications water well, sewage, and firefighting. **IS 1239 MS pipe** can be heat treated by a variety of methods such as quenching, mar tempering, normalizing, and quenched and tempered. They are wall thickness of the pipes varies up to 40mm.

IS 1239 Mild Steel GI Eccentric Reducers, IS 1239 Mild Steel GI Long and Short Radius Elbow Manufacturers, IS 1239 Mild Steel GI Elbows – Short Radius Suppliers, IS 1239 Mild Steel GI Reducing Elbows Exporters, IS 1239 Mild Steel GI Pipe Fittings Stockists.

IS 1239 Mild Steel GI Welded Pipe Fittings in India, IS 1239 Mild Steel GI Eccentric Reducers Manufacturers in India, IS 1239 Mild Steel GI 180° LR Return Bends Suppliers in India, IS 1239 Mild Steel GI Swage Nipple Exporters in India, IS 1239 Mild Steel GI Pipe Nipples Stockists in India.
