

Brass Sheets & Plates

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. Chhaged Steel & Alloy Pvt Ltd is the leading brass sheet suppliers in Mumbai. It has many desirable qualities and they are easy to produce it is a very popular alloy for products and applications in several industries. **Naval Brass sheet** offers good weldability, strength and wear resistance while maintaining high corrosion resistance in saltwater environments. It is normally used for marine construction, military applications, propeller shafts, decorative fittings and turn buckles.

Red Brass sheet is most durable compared to all metals for commercial water pipe in the real price range. It has an excellent resistance to dezincification and season cracking for which the high copper brasses are known. Its applications include fire hose couplings, costume jewelry, zippers, condenser and heat exchanger tubes. It is popular as an outdoor metal and it has very important place in modern architecture.

Red Brass C23000 Plate is useful for architectural purpose, building hardware, plumbing purpose, electrical components, fasteners etc. Yellow Brass sheet grades are C26000, C27000 and C27400. It has relatively good corrosion resistance, moderately high in strength, and in some forms, have very good ductility. **Brass C2600 Sheet** is been produced as a mixture of copper and zinc, it has the highest ductility in the yellow brass series. C2600 Brass Sheet can be polished or brushed finish and it can be used in corrosive environment.
