

# API 5L X52 Pipes

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. The **API 5L X52 PSL1 Line pipe** is considered to be the standard quality for line pipes in general. Although, according to the committee, the API 5L X52 PSL2 ERW contains additional requirements such as the mechanical along with the chemical properties as well as testing requirements. It has been noted that due to the specified PSL 2 API 5L X52 undergoing several stringent testing, the **API 5L X52 Seamless Pipes** tends to offer a much better performance in comparison to PSL1. Hence, this grade of carbon steel API 5L X52 Grade B Pipes are considered as an advantageous piping systems across several industries.

In the **API 5L X52 ERW Pipes**, the two digit numbers which are followed by the X then indicates the Minimum Yield Strength of these pipes in 000's psi, produced according to this standard. At our factory, this particular specified carbon based API 5L X52 covers both seamless and welded pipes.

**API 5L X52 Pipes, API 5L X52 Welded Rectangular Pipes Manufacturers, API 5L X52 Seamless Pipe Suppliers, API 5L X52 Marine Exhaust Pipe Exporters API 5L X52 Polished Decorative Pipe Stockiest.**

**API 5L X52 Square Pipe in India, API 5L X52 Pipes Manufacturers in India, API 5L X52 Rectangular Pipe Suppliers in India, API 5L X52 Hydraulic Pipe Exporters in India, API 5L X52 ERW Pipes Stockiest in India**
