

Duplex Steel 2205 Tubes

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. Chhaged Steel & Alloy Pvt Ltd, are duplex stainless steel tube suppliers. It is being manufactured by superior quality raw material with the guidance of highly qualified quality team. It is available in various sizes, grades and specifications. **Duplex 2205 tubes** is the most widely used duplex stainless steel grade. It is nitrogen enhanced duplex stainless steel that is evolved to conflict common corrosion problems experienced with the stainless steels 300 series. Duplex 2205 Tube is stainless steel tube. It belongs to a family of stainless steels called as the duplex steels.

There are different groups of this material. The pipes of this family could be formed either by cold drawing or by hot rolling and welding. The **Alloy 2205 Seamless Tube** is cold drawn and it has less absolute roughness. The seamless ones are less strong than the Duplex SS 2205 Welded Tubing but are highly precise in dimension. **Duplex Steel Tube** is characterized by high yield strength, double that of the austenitic stainless steel standard grades. It also exhibits good fatigue strength, as well as outstanding resistance to stress corrosion cracking, pitting, crevice, erosion, and general corrosion in severe environments.

Duplex Steel 2205 Tubes, Duplex Steel 2205 Welded Rectangular Tubes Manufacturers, Duplex Steel 2205 Seamless Tube Suppliers, Duplex Steel 2205 Marine Exhaust Tube Exporters Duplex Steel 2205 Polished Decorative Tube Stockist.

Duplex Steel 2205 Square Tube in India, Duplex Steel 2205 Tubes Manufacturers in India, Duplex Steel 2205 Rectangular Tube Suppliers in India, Duplex Steel 2205 Hydraulic Tube Exporters in India, Duplex Steel 2205 ERW Tubes Stockist in India.
