

EN 10025-5 S355J0W Steel Plates

Chhajed Steel & Alloys are aggressively venturing into exporting of our products to various countries. **S355j0w Plate** is a weathering steel plate and is an equivalent to Corten B plate. As **S355J0W steel** rusts when exposed to atmospheric elements, the material builds its own protective layer which prevents the steel from further oxidation. Therefore like all weathering steels, S355J0W steel grade also offers excellent, cost effective protection against atmospheric conditions without the need for painting or external treatment. **1.8959 Steel** has higher strength than any other steel grade and it has unique combination of strength and toughness. It is being worked in the annealed condition and this makes it more compatible to be formed, machined and welded. And hence it makes it more favorable for the machined purpose.

ASTM A588 S355JOW+N structural steel sheet is popularly used in outdoor sculptures for its distressed antique appearance. It is used large structural applications such as bridge and other. EN10025-5 S355J0W is very widely used in marine transportation, in the construction of shipping containers. **EN 10025-5 Grade S355J0W** has number of alloying elements, such as phosphorus, copper, chromium, nickel and molybdenum and it has been added to increase its resistance to atmospheric corrosion, by forming an auto-protective oxide layer on the base metal under the influence of weather conditions

EN 10025-5 S355J0W Steel Plate, EN 10025-5 S355J0W Steel Hot Rolled Plates Manufacturers, EN 10025-5 S355J0W Steel Chequered Plate Suppliers, EN 10025-5 S355J0W Steel Cold Rolled Plate Exporters DIN 17100 ST 44.2 Steel No.4 Hairline Inox Sheets Stockists.

EN 10025-5 S355J0W Steel Shim Sheets in India, EN 10025-5 S355J0W Steel Plates Manufacturers in India, EN 10025-5 S355J0W Steel Hot Rolled 2B finish 6mm Sheet Suppliers in India, EN 10025-5 S355J0W Steel No 4 Satin Finish Sheets Exporters in India, EN 10025-5 S355J0W Steel Perforated Sheet Stockists in India.
