

# Nickel Alloy Round Bars

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. **Nickel Alloy Round bars** is an element formed or alloyed with most metals. It has always been an important metal for a wide variety of industries for the simple reason that it is a highly versatile material that will alloy with most other metals. It is a long, cylindrical metal bar stock that has many industrial and commercial applications. The most common application is shafts.

**Pure kind of Nickel Round Bar** is resistant to corrosion in water or air, and therefore is used as a protective coating. It is a reliable conductor of electricity; it's used for wires in electronics, in batteries and electrodes.

**Nickel Alloy Round bars** is not magnetic due to its high nickel and chromium composition. It is most resistant to corrosion compared to all the stainless steel groups. It has excellent mechanical properties.

**Nickel Alloy Round Bars, Nickel Alloy Round Bars Manufacturers, Nickel Alloy Round Bars Suppliers, Nickel Alloy Round Bars Exporters Nickel Alloy Stockist.**

**Nickel Alloy Round Bars in India, Nickel Alloy Round Bars Manufacturers in India, Nickel Alloy Round Bars Suppliers in India, Nickel Alloy Round Bars Exporters in India, Nickel Alloy Stockist in India.**

**Chhaged Steel & Alloy Pvt Ltd.**

Office No 7, 42/46, Mughbat Lane, Shantaram Chawl, Girgaum, Mumbai - 400 004.
