

Stainless Steel Fasteners

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. Chhaged Steel & Alloys are **Stainless Steel Fasteners** manufacturers available in austenitic, ferritic, and martensitic steel. It is a group of iron-based alloys that contain 10-30% chromium. It is manufactured from the best quality raw materials to serve the finest product to our customers. They have features such as high corrosion resistance, easy hardening properties, and low carbon content. **Stainless Steel Threaded Fasteners** are used for many applications, apart from obvious strength benefits they can be taken apart after they are assembled.

Stainless Steel Bolt is a form of threaded fastener with an external male thread requiring a matching pre-formed female thread such as a nut. **ASTM A193 Fasteners** cover alloy steel and stainless steel bolting materials for high temperature or high-pressure service. It is commonly utilized in petroleum and chemical construction applications, they are typically used to hold materials or objects or to position objects.

ASTM A193 fasteners are commonly utilized in petroleum and chemical construction applications, they cover alloy steel and stainless steel bolting materials for high temperature or high-pressure service. **High Tensile Stainless Steel Bolts** are increasingly used from the strength level. They can resist larger loads compared to ordinary bolts. It applies pre-tension and transmits external forces by friction.

304 Stainless Steel Fasteners, Stainless Steel 304L Studs Manufacturers, Stainless Steel 316 Threaded Rod Suppliers, 316L Stainless Steel Countersunk Washer Exporters Stainless Steel Stockists.

Stainless Steel 410 Fasteners in India, Stainless Steel 420 Pan Head Hex Bolt Manufacturers in India, Stainless Steel 430 U Bolts Screws Suppliers in India, Stainless Steel 317 Countersunk Washer Exporters in India, Stainless Steel 317L Stockists in India.
